

What to expect from us and your Green Termite Bait System™.

Thank you for choosing the Green Termite Bait System™ featuring the Ec2c Termite Window® to help in the management of termites in and around your property.

We will call in to check your baits every month. The week we call is based on your postcode as follows:

GREEN TERMITE BAIT SYSTEMS™ SERVICE SCHEDULES.	FIRST MONDAY OF THE MONTH >>> FIRST FRIDAY OF THE MONTH.	SECOND MONDAY OF THE MONTH >>> SECOND FRIDAY OF THE MONTH.	THIRD MONDAY OF THE MONTH >>> THIRD FRIDAY OF THE MONTH.	FOURTH MONDAY OF THE MONTH >>> FOURTH FRIDAY OF THE MONTH (OR FIRST FRIDAY OF THE NEXT MONTH).
Gold Coast	4209 - 4213	4214 - 4217	4218 - 4220 4226, 4227 & 4230	4221 - 4225 & 4228 2484 - 2487
Sunshine Coast				All areas
Brisbane	4153 - 4179 4071 - 4078 4054 - 4067	4068 - 4070 4300 - 4306 4205 - 4208	4101 - 4120 4000 - 4053	4121 - 4152 4500 - 4521

Your Green Termite Bait Systems™ **Service History Book** will be placed into your meter box when we return for your first visit. If your first visit is due in under 3 weeks, then you will see us on the **following** month. This saves you your monthly service fee as it is pointless to check your baits too soon.

If you are not home we will always leave you a check slip to indicate that we have called. If you are ever in doubt as to whether we called or not simply check your service history book. It will also tell you if we found any termite activity in your baits each month. If you have an active bait that is ready for treatment, we will then apply the termiticide. Only fully active baits are treated. **Please do not disturb.**

Your baits can last as long as five years depending on the moisture level in the soil. If for any reason a bait should split or break we offer a lifetime new for old replacement warranty whilst you remain on one of our full service plans. If you have a termite bait that needs replacing (after a strike or old age) we will replace it. We do not charge any additional installation charges.

Should you decide you would like some additional baits please call our office to place your order.

If you have any questions or problems arising from the baits or about termites in general please feel free to contact us and we will be only too happy to help. We also offer regular pest control services to all residents of South East Queensland.

Protecting homes across Australia,

Termite Bait Notice: Green Termite Baits™ are a means of substantially reducing the risk of termites entering a building, however we do not claim or promise 100% protection.
